

**CAREER OPPORTUNITY: MARKETING ASSISTANT
| SAN DIEGO |**

Echo Laboratories is fast-growing startup dedicated to improving microscopy. We love working with brilliant people to create, build, and promote the best products in our industry.

We are seeking amazing human beings that are hungry to do bold work.

Success will require a strong competitive drive, strategic execution, and progressive forward thinking.

THE JOB:

- Develop lead generation and prospect potential business
- Support the marketing and sales team with targeted marketing campaigns and various projects
- Create brand awareness
- Help drive growth

WHO YOU ARE:

- You possess an understanding of Microsoft Excel and file management.
- You have exceptional presentation and verbal communication skills
- You see organization as a friend, not the enemy.
- You like data and enjoy drawing conclusions from it.

BONUS POINTS:

- Previous experience or an academic background in marketing/business
- Have an affinity for life sciences -- it's about passion as much as the job
- Have the ability to learn quickly, listen excellently, and produce diligently

WHAT WE OFFER:

- The energy of working in a startup, you won't be bored
- The opportunity to join an incredible team
- The chance to be part of company that is making waves in the science community
